1 Cup	Pesto Sauce
6 Tbsp	Parmesan cheese (Freshly grated)

2. Line a mold with plastic wrap. The mold could be any shape, eg. round or heart. You could even use several small molds rather than one large one.
3. Place 1/2 of the cheese mixture in the mold. Top with the pesto sauce. Finish with the remaining cheese mixture. Cover with plastic wrap and refrigerate overnight.

Unmold on an attractive plate to serve.
